The Biggest B&B Event Yet

B&B Events pulled out all the stops for their most ambitious and spectacular event to date — a World Cup Special Edition of the beloved Olive Oil Drizzler Bottle Decoupage Workshop, staged in the breathtaking Sky Lounge on Floor 29 of Get Living Sherlock Quarter, Birmingham. Held in the perfect build-up to the World Cup semi-final, the evening served as the ultimate creative warm-up to the beautiful game. With panoramic views across the Birmingham skyline as the backdrop, over 40 residents, families and children descended on the lounge for what turned out to be a truly unforgettable evening. The entire space was dressed with World Cup bunting and flags from nations around the globe, setting the scene for a vibrant, multicultural celebration of craft and community.

Participants chose their bottle style and design direction — whether embracing the full World Cup theme with football stars and national flags, or following their own creative vision. They were guided through decoupage techniques and introduced to an exciting new skill: gold gilding, adding luxurious gold leaf accents to their finished pieces. The energy in the room was electric throughout, with music, laughter, snacks and drinks fuelling a fun and chatty atmosphere. The event ran so well that residents simply didn't want to leave — many stayed well beyond the 2.5-hour mark, still crafting away and soaking up the community spirit high above Birmingham's skyline.

Highlights from the Evening

What Residents Said

> *“ It was brilliant. Can't wait for the next one! ”*
>
> — Resident

> *“ Can I take some bits away with me because I don't want to stop. ”*
